## NEW NGK SPARK PLUGS NOW AVAILABLE

NGK Spark Plugs (UK) Limited, the leading spark plug manufacturer, is continually announcing the introduction of new spark and glow plugs as they become available in stock to meet Aftermarket demand, the majority of which have been fitted as Original Equipment. Four additional new spark plugs have recently been announced.

A new high performance Iridium spark plug is now available to the UK Aftermarket - NGK's IZKR7B - designed for fitment to 3.2 litre engines on the Audi A3 and TT, as well as the Volkswagen Golf Mk4, Phaeton and Touareg.

Two further recent spark plug additions are LKR8A for Smart car March 2003 onwards and PLTR6A-10G for the Ford Focus RS Turbo from October 2002.

NGK's BKUR6ETB-10 spark plug is now also available for fitment to various Daihatsu models, including 1.3 litre engines on the Sirion, Terios and YRV.
