NEW SPARK PLUG AND DIESEL GLOW PLUG APPLICATIONS CATALOGUE FROM NGK

NGK Spark Plugs (UK) Limited, brand leader in the UK spark plug market, has announced the introduction of a new catalogue for 2005 (pictured) covering its full range of spark plug and diesel glow plug applications for passenger cars and light commercial vehicles.

The catalogue has more than 140 new applications lines for existing spark plugs and includes 14 new part numbers covering a further 40 applications. NGK spark plugs are fitted as Original Equipment on the majority of these applications, which include Iridium spark plugs for Mercedes, Honda and Subaru.

The glow plug section has over 130 new application lines for existing plugs as well as 6 new part numbers covering 33 applications.

The 2005 catalogue data will also be made available on the NGK website and CD-ROM in the near future.

“As brand leader in both the UK spark and glow plug markets, NGK offers the perfect spark or glow plug for all passenger cars and light commercial vehicle applications,” says Brian Childs, Deputy Managing Director, Sales & Marketing. “NGK prides itself in providing a spark plug manufactured to the exact specification of the OE manufacturer for each and every vehicle application.”

The World's No.1 Spark Plug. Fact.
